

New

Telehealth appointment types available in the myMPS Calendar

In line with the government's request to help slow the spread of the COVID-19 disease, we are releasing solutions to assist you in achieving this. myMPS has been updated to **allow you to book telephonic or video appointments.**

How the solution works in myMPS

***Please note** - myMPS currently doesn't offer in-app calling or video functionality. This will be available soon.

Additional benefits available on Healthbridge Clinical – electronic medical record

General practitioners using our newly launched Healthbridge Clinical - electronic medical record will also be able to:

View all appointment types from the **virtual waiting room**

Capture the **consultation** digitally

Send patients **scripts & referral letters**

Quickly **bill** for the consultation or send to admin

Special offer

15% off

on all Bulk SMSs purchases

- Because we know you'll be sending out lots of SMSs during this time, we are offering a 15% discount on all Bulk SMS bundles purchased **between 30 Mar - 30 Apr**
- If you have not yet activated this feature please visit the **myMPS Add-On store and receive 500 free SMSs on activation.**

Over the next few weeks we will continue to enhance our solution to **ensure you can keep your patients & your practice safe, by consulting remotely.**

With our myMPS & Healthbridge Clinical cloud-based systems you can **run your practice from anywhere, anytime.**
